Robbery and Attempt to Murder in Lawrence County.

BRONTON, O., October 2.—There was an attempt at murder last night, ten miles from this place, on the Marion road. Four masked men entered the residence of Mr. John Ballard, and beat him nearly to death with clubs, and took \$5,000. Mrs. Ballard recognized two of the robbers.

The above is copied from the Cincinnati Commercial of Saturday. We have some further particulars of the affair, for which we are indebted to R. C. HUMPHREYS, Esq., the manager of the telegraph office here. We copy:

Information was received on Sunday which led to the arrest of BARTON BALLARD, a son of the man robbed and probably murdered—BARTON, being trapped into an admission of knowing something about it, was persuaded his best plan would be to turn States evidence, which he did, revealing the whole plot.

The leader of the gang was ASA BALLARD, another son of JOHN BALLARD; a third was a Brother-in-law of the two BALLARDS, the fourth another relation of theirs, and two others, all of them living in Virginia. Three of the party were arrested Sunday afternoon, and the leader, ASA BALLARD, surrounded on a hill. It was confidently expected they would arrest him Sunday night, as he is said to be severely wounded in the leg by his revolver being discharged when he struck his father over the head. BARTON says his brother has seven revolvers. It is hoped the whole party will be captured—probably are already.

MR. BALLARD, the father, is still living this (Monday) morning, and it is hoped may recover.

BRONTON, MONDAY EVENING.

Barton Ballard, William Walker, his brother-in-law, and Jim Kelly, were sent to Branton to jail this evening—Isaac Tonia, a brother-in-law of Walker's, proved himself innocent, and was discharged. There are yet two of the villains still at large. ASA Ballard, the leader, who was surrounded last night, slipped out in the darkness and made his escape, and the Kellys. It turns out that the BALLARDS, and their brother-in-law Walker, were the principals, and the Kellys helped to assist them, for which the Kellys received one thousand dollars of the money. Walkers share of the money has been recovered, he having hid it in six different places. It amounted to about four hundred dollars. Hopes are strongly entertained of recovering the one thousand paid the Kellys.

It is thought the other two will be captured.

SHOOTING AFFRAY ON THE LIDA NORVAL.

We find the following in the river column of the Cincinnati Commercial. It is an extract from a letter addressed to Mr. JAMES WATSON, of Cincinnati: "Vicksburg, Sept. 30.

We telegraphed you yesterday in reference to your brother, L. D. Watson. On the afternoon of day yesterday, just before the Lida Norval was ready to go out, Capt. Smith came to the office and ordered your brother to pay a deck hand. Some altercation and hard words ensued when Smith drew a pistol, shot your brother in the left breast, two or three inches above the heart, and ran. Your brother gave chase and shot Smith twice as he ran, whose wounds will probably prove fatal. The wound of your brother is an ugly one; but the doctor thinks he will get well. So far he seems to be getting along quite well, and though he may be laid up a long time, we do not think there is much doubt of his recovery. (The Lida Norval went out as usual.)

Down With The Dust!
We are not disposed to encourage gambling in any shape—particularly betting on elections; and are likewise aware that staking money does not constitute an argument. But when our Democratic fellow citizens undertake the game of brag and bluff, we are not certain but it is well enough to "take them down a peg." At any rate some of the "solid men" are of this opinion, and they authorize us to make the following propositions:

They will wager any amount from \$1 to \$1,000 that Gallia county will go for John T. Wilson.

\$1 to \$1,000 that Lawrence county will go for Wilson.

\$1 to \$1,000 that Adams county will go for Wilson.

\$1 to \$1,000 that Jackson county will go for Wilson.

\$1 to \$1,000 that Vinton county will go for Wilson.

The above bets to be taken together.

\$1 to \$1,000 that Wilson will be elected.

\$1 to \$1,000 that the Republican ticket will be elected in Scioto county.

\$1 to \$1,000 on each Congressional District in Ohio—the whole to be taken together.

\$1 to \$1,000 that, if he lives, General Grant will be elected President.

\$1 to \$1,000 that, if he shall be, there will be no civil war during his administration.

Come, Cops, you who have been boasting so numerously of late of your ability to elect everything, and of the great changes in your favor which you say are going on, bring on your greenbacks. Show your faith by your works, and your belief in the truth of your assertions by backing them with your money.

This is from the Portsmouth Tribune. So far as heard from no one has yet come forward to take either of the above offers. The cops boast of what great things they are going to do, but when it comes to making good their boasts, they "aint in," thus showing clearly that they don't themselves believe what they say.

There is a profound excitement and trouble among the Democratic leaders of New York. There are unmistakable indications of revolt among the Irish Democracy. The Irish People—the leading Democratic organ of the Irish Democracy of New York, in its last issue, boldly declared that it repudiates Seymour, Blair and Hoffman, and will support Grant, Colfax and Griswold. "O'Mahoney," the Irish People, is editor of "The Irish People," and his paper has a very wide influence. The Sun (Independent) says that this defection is exceedingly dangerous to the Democracy, and they are swarming about in undisguised astonishment and alarm.

Advice That Should Be Heeded.
We desire to call the attention of the afflicted to the merits of Robak's Blood Pills, a purely vegetable cathartic, free from mercury and all mineral poisons, and undoubtedly the best remedy extant for the radical cure of nervous and sick headache, bilious disorders and all affections of the Liver and Blood. They are their name indicates, a Blood Pill; they search the blood for disease and strike at the very root, thereby effecting not temporary but permanent cures. As a purgative, they are all that can be desired, being mild and safe in their operation and unquestionably one of our most satisfactory Cathartic Pills, and should be kept in every household, and, when taken in conjunction with Robak's Blood Purifier, are unequalled for curing Scrofula, Skin Disease, Old Sores, Salt Rheum, Dyspepsia, Erysipelas, Tumors, Eruptions, and all diseases arising from a disordered state of the blood or a disorganized state of the system. Try these medicines and you will never regret it. Ask those who have used them, and they will tell you they are the best of medicines—aug. 13, 1mo.

The Alabama claims are now up again for adjustment, and the British government has expressed itself desirous of an arbitration. Among the claims persistently pressed, are those of the ever-present and active J. C. Ayer & Co., for the value of shipments of Cherry Pectoral, Sarsaparilla, Aque Cure, and Pills, in transit for Oregon, Vancouver's Island and Russian America, destroyed by the Anna Smith off the coast of South America. So universal is the use of their remedies, that they are almost on almost every case; and this firm is frequently caught between the upper and nether millstones of contending nations. But they are known to stand up for their rights, and to get them.—Republican, Washington, D. C.—au 20w4.
